## POLICE HUNTING FOR NEW "TORCH MURDERER"

**'OUR GOLF TEAM WAS WORN OUT BY ENDORSING'—WILL**

(Special To The News)  
HASTON, April 29.—Guess you read what happened to our golf team over in England. It was one of the biggest defeats for the L. C. & S. Old Golds that those producers of hardy men have experienced.

There didn't seem to be a bird or an eagle in a carload. The boys played like they were going through the blindfold test.

Horton Smith, who had preceded all last year instead of smoking, walked in summer. When we went up against fellows that wasn't worn out from endorsing why our boys wasn't there. We outdressed 'em but we couldn't outplay 'em.

Yours  
WILL.

### PA NEW OBSERVES

By the way—there were quite a few people late for work this morning throughout the city. There are no actual statistics—there doesn't have to be.

Boys start to build your planes this evening. The series of articles starting in today's News will tell you how to build planes which will fly in the air.

After looking over the figures pertaining to the sectional music contest at Erie, the department is convinced that Lawrence county set the largest delegation to the affair. New Castle's Cathedral is the logical location for such an assembly too.

East Siders—Don't forget that your new branch library opens Wednesday.

New Castle had rather freak weather yesterday. There would be a severe rain and hail storm, then possibly a little sunshine, then a terrific blow for fifteen or twenty minutes, and later the entire program would be repeated.

Work of transferring the mail boxes from telephone poles, to especially erected concrete poles, about the city streets, has about been completed.

A new kind of gospel service was started on the streets on Saturday night. A group of singers aboard a truck was making a tour, and singing gospel songs every time that the truck was stopped.

Apple trees are now in full bloom, despite the rather backward weather of the past few weeks.

Daylight savings time transition was made on Sunday without any great difficulty. Church services yesterday were on Eastern standard time, but will be on daylight savings time on next Sunday and for the remainder of the summer.

Another slight frost was noticed this morning, but no further damage to fruit and flowers is believed to have resulted. The weather turned quite cold after the hail storm here in the afternoon.

Although New Castle people had plenty of warning about the change in time Sunday morning, many amusing situations occurred. The most of the churches continued their order of services on the old time, and some

### New Torch Murder Baffles Officers; Victim Is Woman

**Detectives Seek To Learn Identity Of Victim And Find Murderer**

**FIENDISH CRIME HAS BEEN REVEALED**

Discovery Is Made Near Scarsdale, N. Y.—Few Clues Available

(International News Service)  
SCARSDALE, N. Y., April 29.—The leering, hideous spectre of another "torch murderer" baffled detectives today as they sought not only to apprehend the fiend who strangled and cremated a young woman under a blossoming apple tree on the outskirts of this city, but also to establish the identity of the victim whose body was charred beyond recognition.

Slender Clues

Scattered fragments of a flowered crepe dress, a milk bottle resting with the order of kerosene, a pair of snakeskin slippers and dental bridgework in the girl's mouth—these constituted the patchwork of slender clues out of which police hope to bring to justice the perpetrator of the third outrage in a year in which a human body has been made a funeral pyre.

The body was found late Saturday by Joseph Selvey, a steam fitter's helper, and the horror of his discovery sealed Selvey's lips for six hours, police not learning of the gruesome find until late Saturday night.

A squad of detectives was hurriedly dispatched to the scene and Medical Examiner Amos S. Squire immediately performed an autopsy on the pitifully scorched body. The examination disclosed that the girl had been strangled, perhaps by her own nightgown, before her slayer had transformed her body into a flaming human torch.

Dr. Squire, who has conducted hundreds of autopsies, said:

### Decision May Be Reached Today In Mellon Argument

**Minority Group Of Senate Seeks To Oust Mellon For 'Illegal' Office Holding**

**PRESIDENT HOOVER IS EMBARRASSED**

**May Force Vote In Senate If Judiciary Report Is Unfavorable To Secretary**

By WILLIAM K. HUTCHINSON  
International News Service Staff Correspondent

WASHINGTON, April 29.—The multimillionaire Andrew Mellon may have today whether the powerful Senate judiciary committee, composed of the Senate's most brilliant lawyers, believes him guilty of illegally holding the office of secretary of treasury.

This legal question, based upon Mellon's possession of a fortune in corporation securities, has agitated the Senate ever since the late President Harding named the Pennsylvania man to a cabinet post. Now it threatens to provoke a major political war in the Senate and a lot of embarrassment for the Hoover administration.

Hoover Demanded

The issue already has been thrown on the personal docket of President Hoover as Senator George W. Norris (R) of Nebraska in a tentative report to the committee, charged the chief executive for keeping Mellon in the cabinet. Anyone who pleaded so eloquently for law enforcement as did the President, said Norris in effect,

### NOTE MAY PROVE "STUNT" CHARGE

*After plane Fleet Army plane Stunting near Mexico*

This note, written by Cecilia Kelly, Phoenix, Ariz., newspaperwoman, killed in the crash between a passenger air liner and an army pursuit plane at San Diego, is to be introduced at governmental and civil investigations into the air tragedy in an attempt to prove that the army plane was stunting when the smash occurred. The notes were found in the wreckage of the passenger plane in which Miss Kelly was riding. All the passengers and aviators met death.

### Probe Flogging Of Crusading Attorney

**Senate Resumes Heated Debates On Farm Relief**

**Senate Leaders Hope To Push Measure Through For Vote By Thursday**

(International News Service)  
ST. PETERSBURG, Fla., April 29.—Sheriff Gladstone Beattie today began an investigation into the flogging of James P. Bickers crusading attorney-reformer.

Bickers was abducted from in front of his home Sunday afternoon by five men who took him into the country, robbing him of \$2,000 and whipped him severely with a knotted whip and ordered him to leave the state.

From his cot in a local hospital Bickers said he did not know the identity of his assailants. "If I did I would not reveal them," he said.

Bickers declared he would leave St. Petersburg and Florida by Tuesday night. He told Mayor John N. Brown to take every precaution as his abductors had threatened the mayor.

The attorney was picked up by motorists and brought to the hospital after a search for him was made. The abduction was witnessed by Bickers' wife who was ill in bed.

Bickers was active in a campaign against lawlessness here. Recently he filed charges against Sheriff Beattie with Governor Carlton accusing him of taking bribes from bootleggers, permitting gambling and malefascance and nonfeasance.

### SEEK TO DEFEAT DEBENTURE PLAN

(International News Service)  
WASHINGTON, April 29.—The farm relief problem returned to the congressional spotlight today as the Senate resumed debate on the new farm bill.

Administration leaders, certain of eliminating the export debenture plan which President Hoover disapproved, planned to enact the bill by Thursday so it can become a law early next week. An International News Service poll already has confirmed their predictions that the Senate would kill the Debenture plan.

An interesting sidelight to the farm battle is the pending split between President Hoover and Senator William E. Borah (R) of Idaho, on the Debenture plan. Borah, who was

### Sisters In Plane Race With Death To Des Moines, Ia.

**Father Dying, Daughters Rushing From New York City By Airplane Today**

(International News Service)  
CURTIS FIELD, N. Y., April 29.—Two sisters, Mrs. F. W. Case and Miss Stella McCord, took off from here today in a plane for Des Moines, Ia., in a desperate race against death to the bedside of their father, a prominent resident of Newton, Ia.

The two women, who were returning from Europe, were taken off the White Star liner Baltic at Quarantine and rushed to Curtis Field in an amphibian plane. Then they hurriedly boarded the ship that is to take them to Des Moines.

The sisters were notified by radio that their father was dying and arrangements were made by F. L. Maytag, a friend, to have them taken from the Baltic and rushed to the flying field. They expect to arrive in Des Moines late today.

Ready Enslow, the pilot of the plane, declared the trip would take about 12 hours, with a stop in Cleveland for refueling purposes.

### Youths Escape From Overturned Coupe

**Seven Have Narrow Escape From Drowning Near Clarksville, Pa.**

(International News Service)  
SHARON, Pa., April 29.—Seven youths who narrowly escaped death by drowning when the small coupe in which they were riding skidded and overturned on the Greenville road at Clarksville near here last night, were recovering here today.

The boys were thrown into the swollen waters of a small ditch near the edge of the road and were rescued by Charles Rust and Harold Milby of Clarksville. All were taken to the local hospital for treatment. Their condition is not serious.

In the party were Harold Cunningham, 19, John Fisher, 17, Philip Newton, 21, and Lawrence Patridge, 27, of Hadley, Pa.; Leonard Little, 20, and John Fenik of Venld, Ill.; and Glenn Ray, 18, of Meadville.

### Two Killed When Elevated Trains Crash In Bronx

**Two Meet Death, Several Injured As Elevated Trains Collide Today**

**ENGINEER RUNS PAST STOP SIGNAL**

Four Victims Carried From Debris Terribly Mangled And Still Alive

NEW YORK, April 29.—Two persons were killed and a score or more injured today when an elevated train of wooden cars, crashed into another train near a station in the Bronx.

Two cars were telescoped, the wooden cars flared up in flames, many passengers were trapped beneath wreckage and a number of firemen were reported hurt in rescue work.

Two Are Dead

Half an hour after rescuers got to the scene the bodies of two dead were carried from the wreckage.

Four other victims were carried out a few minutes later. They were horribly mangled and burned, but were alive.

Screams of victims trapped in the piles of shattered timbers added to the horror of the scene.

The Interborough Rapid Transit company issued a brief statement telling of the crash and admitting that the motorman of the second train had run past a stop signal.

### Auto Accidents Take Nine Lives Over Week-End

**Nine Are Killed And Thirty-Seven Injured In Two-Day Period, Survey Shows**

**SEVERAL INJURED MAY NOT RECOVER**

(International News Service)  
Inclement weather over a large portion of the state Sunday kept motorists from the highways, but the toll from accidents was nine dead and 37 injured, several of them seriously, the International News Service weekly survey today revealed.

No deaths occurred in Pittsburgh, although six persons, three of them women, were injured in two early morning accidents. One of the women is in a critical condition.

Philadelphia checked up two automobile deaths and half a dozen persons were seriously hurt there in a series of week-end accidents.

Machines Collide

Two cars were completely wrecked and seven persons hurt in a crash at Five Corners, near Titusville. One of the injured is not expected to live. At Norristown, a girl was killed and

### Wampum Bus Co. Given State Order

**Must Cease Hauling New Castle-Ellwood City Passengers**

(From News Bureau Staff's Capital)  
HARRISBURG, Pa., April 29.—The Public Service commission in an order today directed the Wampum Bus Co. to stop transporting passengers between New Castle and Ellwood City. This order sustained a complaint brought by the Pittsburgh Harmony, Butler and New Castle Railway company and the Harmony Short Line Motor Transportation company.

On August 1, 1928, the commission granted a certificate to the Wampum Bus Co. to haul passengers on two routes. One between New Castle and Koppel borough, Beaver county, and the other from Ellwood City and Wampum.

### FOUR LOCAL RESIDENTS HURT IN AUTO CRASH

**Jilts Intended**

Mr. and Mrs. Fred Wolford of North street and Mr. and Mrs. Samuel H. Norris of Gardner were severely shocked and injured and the car in which they were en route home to this city from Erie, where they had spent Sunday, was wrecked shortly before five o'clock Sunday evening at Five Corners, seven miles north of Titusville, Pa., when the car driven by Mrs. L. C. Monroe of Fredonia, Pa., en route to Erie, crashed into the Wolford machine.

Mr. and Mrs. Wolford and Mr. and Mrs. Norris were all injured in the crash and are still in the Titusville, Pa., hospital receiving care for the injuries sustained. Mr. Wolford is suffering from an injured knee. Mrs. Wolford sustained a bad cut on the forehead and was badly shocked. Mrs. Norris is suffering from an injured leg and Mr. Norris sustained a bad cut on the face. They will be able to leave the hospital shortly.

Mrs. L. C. Monroe, driver of the car that caused the accident, is in the Union City, Pa., hospital with a fractured skull and may not live. A Mr. and Mrs. Carl Sullivan of Columbus, Pa., were in the Monroe car and they are in the Union City hospital on account of injuries sustained.

According to the information received here today, Mrs. Monroe and Mr. and Mrs. Sullivan were en route to Erie, Mrs. Monroe driving. Her car got off the concrete and in getting back on the car shot across the highway head-on, into the Wolford car. Mr. Wolford having no opportunity of avoiding the accident.

### Accuses Husband Of Having Other Wives

LYNN, Mass., April 29.—Pleading not guilty to a charge of polygamy, Charles Windfield Chick, 39, able seaman aboard the U. S. S. Acornac during the World War and now an every day mechanic, was arraigned before Judge Ralph W. Reeves in district court today and was held in \$2,500 bail for a hearing May 7th.

He married wife No. 4 at Youngstown, O., following a courtship which police alleged consisted chiefly of reading biblical and other quotations to the effect that "if a man and a woman cannot agree after marriage he shall go to the farthest corner of the earth and find another woman, and she shall likewise do the same."

The quotation was inscribed on the invitation to the wedding at Youngstown, Ohio, between Chick and Miss Ethel Lishon, of that city, the complaint against her husband. The quotation, according to police, was also inscribed on a license issued by a justice of the peace. The invitation was elaborately printed as for a society event, bearing besides the names of the wedding couple and guests, a half-tone photograph of Rev. Levi G. Bateman, of Youngstown, who performed the ceremony.

Mrs. Ethel Chick said her suspicions were aroused a few weeks ago when she discovered letters indicating that besides the four wives on record Chick had wives in Pensacola, Fla., the Panama Canal Zone, Cuba and France.

Mrs. Ethel Chick was in court today and after the arraignment held a long conference with her husband. Acting on information given them by the former Youngstown city police had traced Chick to a home in West Lynn, where they assert they found him holding the hand of "another

**Almost Entire Family Wiped Out As Fast Express Crashes Into Sedan**

**ONE SON SUFFERS SEVERE INJURIES**

**Father, Mother And Seven Children Mangled In Tragic Crash Near Middletown, N. Y.**

(International News Service)  
MIDDLETOWN, N. Y., April 29.—Nine persons, all but one of a family of ten, are dead and another so seriously injured he may die, as the result of a train-auto crash at a grade crossing near here last night.

The dead are Antonio Bianchi, 42, his wife, Rose, 32, and their seven children.

Frank Bianchi, 12, another child, was in a serious condition at Horton Memorial Hospital today where attaches said he may recover.

The elder Bianchi was driving a new sedan through New Hampton, four miles east of here, and slowed down to a halt for an eastbound freight train at the Erie crossing.

As the last car of the freight rumbled over the crossing, Bianchi threw his automobile in gear and drove directly into the path of the speeding westbound Jersey City-Chicago Express.

The locomotive struck the sedan with terrific force, carrying it for 300 feet and strewn the roadbed with the mangled bodies of the occupants.

### Near Tornado Hits Stoneboro

(Special To The News)  
STONEBORO, Pa., April 28.—This town experienced its first near-tornado in 25 years Sunday evening about 6 o'clock, when the terrific storm passed through the place in two paths about 200 feet wide, starting a mile east of the town and going a mile west of it.

The property damage is estimated at \$7,000. The greatest loss was sustained at the Slater garage, where the roof was torn off and the rear wall caved in, doing considerable damage to cars in the building.

Fully a hundred fully grown fruit and shade trees were torn out by the roots in the paths of the storm.

Richard Sheln, aged 12, was picked up by the storm and dropped into Sulphur Creek. Fortunately he was little the worse of his terrifying experience.

### Fine Mrs. Dennett \$300 For Pamphlet

**Appeal To Be Made By Woman; May Go To Jail As Protest**

By DAVID P. SENTNER  
International News Service Staff Correspondent

NEW YORK, April 29.—"Grandmother" Mary Ware Dennett, was fined \$300 for sending her pamphlet "The Sex Side of Life" through the mails by Federal Judge Warren Burrows in Brooklyn today.

The maximum penalty for her conviction could have been five years in the federal penitentiary and a fine of \$5,000. Previously, Mrs. Dennett declared that in the event of only a fine by the judge she would intend to go to pay it and go to jail instead.

However, the question as to whether she should carry out this spontaneous resolution was deferred by Judge Burrows pending the defendant in the custody of her counsel Morris Ernst until next Thursday afternoon, at that time, Ernst said, papers in an appeal from the conviction will be filed.

## Councilmen Plan For Sewer Bond Issue Vote In Fall

Confer To Determine On  
Amounts To Be Placed In  
Bond Project

Council is preparing to hold a public hearing Friday which will provide for an increased bond indebtedness of the city providing the citizens vote favorably in the fall. The council has not yet decided how much the indebtedness is to be increased but will designate the amount today when they meet to discuss the sewer and street improvement.

Some time ago Fuller & McGeehan conducted a survey here and declared \$1,500,000 would be needed to put the storm and sanitary sewers in shape to handle the conditions here at present and for some years to come.

Today an ordinance was prepared and submitted by Solicitor Robert White. It called for an increasing of the bond debt by \$200,000, to take care of the storm sewers. It was planned to designate other amounts for sanitary sewers and also for street purposes.

In other words there would be three amounts named for the three different purposes, and council discussed the proposition. It was believed that the \$200,000 for storm sewers would not go far under conditions that existed here and the ordinance was not introduced.

Reeves said he believed that at least \$700,000 would be needed for sanitary sewers, \$200,000 for storm sewers and probably an additional \$200,000 for general improvements which would include paving and upkeep of streets.

This resulted in the councilmen deciding that before any legislation is started they should all be in accord as to the amounts to be expended over a five-year period as needed and that after this had been decided the ordinance should be introduced.

Councilman Tyler, in speaking today, said: "The conditions here are recognized by council. We are the representatives of the people. It is up to us to acquaint citizens with conditions, if they do not already know them."

"By preparing for a vote on a bond issue we will have done our duty. The people themselves will have the option of saying whether or not they favor the improvements. The money from the bonds would be spent only as needed and would alleviate conditions here now."

The members of council will gather informally today, pore through Fuller & McGeehan's report and talk the general situation over. Next Friday ordinance providing for the increase of the bond indebtedness will be introduced and it passed voters can say yes or no in the fall.

## Lay Plans For Alumni Outing

New Castle High School Graduates To Picnic Sometime  
During Last Of June

Preliminary arrangements for the annual outing of the New Castle high school alumni association are being made this week. Attorney Ralph Cooper, president of the association said this morning.

At yet no definite committees for the affair have been named, but this is a matter that will be settled during the next few weeks. With Dr. J. L. Reed, past president Cooper is formulating plans for one of the largest outings of high school graduates to be held for some time.

The exact date for the picnic this year has not yet been definitely determined, but it is known it will occur sometime during the latter part of June.

## Mercer County Officials Make Capital Visit

(Special To The News)  
MERCER, Pa., April 29.—The board

of county commissioners of Mercer County are one of eight such boards in southwestern Pennsylvania which went to Harrisburg today to meet with the State Highway Department relative to a unified road program for northwestern Pennsylvania.

Mercer county has been extended \$100,000 state aid money for the improvement of its roads, which must be matched by an equal sum by June.

With a 52-mile road improvement program this gift from the state is most welcome and will mean the improvement of as much roadway as possible.

Mrs. Mary Roberts Rinehart

You can be your own architect when you plan a log cabin, says Mrs. Mary Roberts Rinehart, author, in a recent magazine article. "Draw the plan yourself, letting the cabin sprawl. Give it lots of windows and doors, and leave spaces here and there where someday you may say, 'Let's put a room here.'" Mrs. Rinehart makes her permanent home in Washington, D. C., but she lives part of each year in a log cabin of her own in Wyoming.

## China's Proposal For World Peace, Is Shelved Today

China's Plan To Abolish Compulsory Military Training Is  
Shelved By League

GENEVA, April 29.—China's proposal that compulsory military training be abolished as part of the general disarmament plan was shelved today by the League of Nations preparatory disarmament commission without a vote.

All the nations represented here opposed China's suggestion except Germany and Soviet Russia, which are favoring drastic programs of general disarmament by land, sea and air.

The commission informed Hugh Gibson, American representative, that it did not consider the national guard (American state troops) as part of the effectiveness of the United States standing army.

## Farewell Wednesday For Rev. Whilding

Affair Will Be Held In The First  
Congregational Church  
On That Evening

A farewell gathering honoring Rev. Samuel Whilding, pastor of the First Congregational church for the past three years will be held in that church Wednesday, May 1 at 8 p. m.

Rev. Whilding is leaving his duties here to assume the pastorate of the Oakhill churches of Southern Ohio. The farewell is being held to indicate the feeling of the local congregation in the loss of Rev. Whilding as pastor.

There will be a program of short addresses and also of musical numbers which will be followed by a lunch served by the ladies of the church. The affair is for all members and friends of the local congregation.

Rev. Whilding leaves here to assume charge of five churches in his new district which have been having a hard time but he was urged to accept the call to the same that he might give them the benefit of his experience and energetic efforts.

## "The Home Towners" At Capitol Theater Beginning Today

Since the introduction of the talking pictures, movie fans have been expecting more and more in the way of technical development, and perfect reproduction.

In the "Home Towners", Warner Brothers all star, all talking picture, the fans will not be disappointed. It is the nearest approximation to perfect reproduction that has been heard on the heretofore silent screen.

"The Home Towners" is the talkie presentation of George M. Cohan's wonderfully successful stage play. In it are such outstanding stars as Richard Bennett, Doris Kenyon, Robert McWade, Gladys Brockwell, and Robert Edison.

Perhaps you saw the play. If you did you won't want to miss the talkie. But if you didn't see the play, mark this down: It's the funniest screen production you ever saw but to that add the fact that it is an all-talker.

"The Home Towners" will play the Capitol theatre all this week. Several all-star talkie presentations will be seen and heard, among them Marian Harris in a group of new songs.

**MOUNTAINS AND MOLEHILLS.**  
It was Fielding who said: "Conscience often leaps over a mountain and stops at a molehill." Many people have a perfectly good reason for giving up. They don't want to do something or give up when you desire it very much. It's easy to leap a mountain when you want the time on the other side badly enough. But if you don't care much about it anyway it is very pleasant to how to conscience and take the credit of having moral restraint.

The talking motion pictures are still on trial. They are still in the experimental stage. Hereafter the art of motion picture work with the factor of the eye and the limitations of the eye. Talkies mean something in the way of new art. They deal not only with the limitations of the eye but with the limitations of the ear. A new factor has been introduced. The production of talkies is indeed a new art and it is an art charged with difficult factors.

Of Rum Runners**  
SHARON, Pa., April 29.—County Detective S. R. Leshock arrested Tony Mack, alias William Thomas, Brookfield township, O., when he was caught delivering five gallons of liquor at the home of Mrs. Susie Markovich, Railroad street, Wheatland. His car, a large coupe, and the liquor were seized.

According to Detective Leshock Mack is a ring leader in the illicit liquor trade in this district. He has been sought by several county officers for several months, but always escaped arrest, although three of his automobiles, driven by men said to have been in his employ have been seized. He will be arraigned before Justice William McDonald of Farrell and Detective Leshock will ask that his bond be fixed at \$5,000. Pending arraignment he is being held in the Farrell jail.

Give them a good start in life, with happy smiles and healthy little bodies. Children need a mild corrective occasionally to regulate stomach and bowels. Dr. Edwards' Olive Tablets are a safe vegetable compound mixed with olive oil. They tone up and regulate the eliminative tract. Not a nasty cathartic or a habit-forming medicine, but a safe pleasant remedy for constipation, sour stomach, torpid liver, bad breath and similar disorders. Dr. Edwards, a widely known family physician of Ohio, prescribed these tablets for many years in his own practice. Children from six years up are greatly helped by them and like to take them. The tablets are their daily candy. Dr. Edwards' Olive Tablets overcome those irritable spells that make children so subject to keep their bodies in active healthy condition, clean clear and ever bright with the light of perfect health. ### PETER'S ADVENTURES IN ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

**GEES GET BACK THEIR WIND**  
Without more ado off Gobbler started, and after him flocked his wives and his cousins and his aunts. Wild Geese gave a sigh of relief.

"O'ever of me, wasn't it?" chuckled he. "Gobbler is a good fellow, but he and his family do make a lot of noise, and their gobbling makes my ears ache. We geese really need quiet if ever we are to get into trim for continuing our journey. I hope, if we have good luck, to be on our way again before noon. But I am letting the children rest as long as I think it safe."

"You see, the young ones are out gossling yet, and nothing but an early cold winter could have driven us south so soon. I feared that they were not yet strong enough, but there was nothing for it—we had to take the chance. Better be winded than freeze to death, as I told you."

"Have you—did you—say?" stammered the boy, breathing yet wishing to ask Gander a question. But before he could get it out the Goose interrupted:

"I know what you are going to ask," said he. "Yes, thank fortune, my wife is with me, and safe and sound. She fell to the earth just as I did, but wasn't hurt a bit—only out of breath. There the dear girl is! See, she is stroking the head of her youngest son."

An old tree grew upon the bank of the pond not far from where the boy stood, its gnarled branches drooping low over the water, and on the water, under these bare, brown limbs, as if trusting to them for protection against any unexpected danger, rested Mother Wild Goose with her children about her.

As the boy watched her Mother Goose gave one last approving pat to, as Gander had said, their youngest son.

**YOUTH BADLY HURT**  
SHARON, Pa., April 29.—Harold Boliver, 27, Adam street, Greenville is in a serious condition in Buhl hospital with injuries to the head and body, sustained in an automobile accident on the Sharon-Greenville road. With a party of Greenville youths, Boliver was returning from Sharon to his home when the car in which they were riding ran into the ditch.

Boliver was cut about the head, bruised about the body and is believed to have suffered internal injuries. His companions were unhurt.

## Kelly Says Dry Law's Future In Hands Of People

United States Facing Critical Period Relative To Prohibition's Outcome

Speaking in the Highland U. P. church Sunday morning, Congressman Clyde Kelly, of Bradock, asserted that the success or failure of the 18th amendment depended on the attitude that the people of the United States show during the coming decade.

The crisis will be reached during the next decade, Congressman Kelly predicted, when the law will either be strongly affirmed by the people or will be rejected.

America was created as a nation with equal rights and opportunities for all, and this aim has been the dominant keynote of our government since its inception. Mr. Kelly stated it has survived all problems of internal strife and will come safely through the great problem now facing it, if the right thinking people only face the issue squarely.

Mr. Kelly stated that President Hoover stated at his inaugural as president, that the dominant issue facing the country today was enforcement of its prohibition law, asserting that if it failed, it would not be because of outside pressure, but by our own efforts.

"The 18th amendment is a law of our land, and is binding on every American," Mr. Kelly stated in conclusion. "We should see that it is strictly enforced."

## Weather Is Cooler During Past Week

Near Freezing Temperatures Are Reported On Several Mornings Here

The average temperature during the past week was several degrees colder than the previous week, the weekly report of U. S. Observer E. F. Johnson shows.

Near freezing temperatures were recorded on three different mornings during the week, while the highest temperature reached during the week was but 70 degrees. Considerable rain also fell.

## Proposes Longer Prison Terms For Drug Violators

WASHINGTON, D. C., April 29.—An increase penalty of eight years imprisonment instead of five, and suspension of parole rights for offenders of the narcotic laws is proposed in a bill which Congressman Stephen G. Porter, of Pittsburgh, has introduced in the House of Representatives. Porter has been very active in an effort to strengthen the narcotic laws and to provide Federal farms for the treatment of drug addicts in Federal prisons.

Under the terms of his bill the parole rights would be denied to persons convicted of selling, disposing, distributing, bartering, exchanging or giving away opium of coca leaves or their derivatives. Another bill by Congressman Porter would establish a special bureau to handle the narcotic situation.

## Completes Work Of Immunization

All Students Of Mercer County Schools Fortified Against Diphtheria

MERCER, Pa., April 29.—Dr. S. J. Dickey announces that he will complete his immunization work in the parochial schools of Farrell and Sharon today.

His immunization program there has been under way now for three weeks. The treatment requires three injections of serum one week apart. The doctor states that 300 children will be given this final serum treatment on this date. The same number were given the Shick test, which determines whether the immunized patient is immune.

The serum immunizes from diphtheria. Ten thousand Mercer county school children have been given this treatment in the last three years.

## OPPOSE ACTION

318 East North St.  
New Castle, Penn.  
April 26, 1929

New Castle News  
New Castle, Pa.  
Dear Sir:

I think anything that is of as much importance to the city of New Castle as the changing of the time each year should be either voted upon or discussed by the public in general before being decided by the few.

We pay taxes, colors, and dentists to take care of our children in the public schools, in order to raise a healthy generation to follow in our footsteps. When why change the time of the meeting of the schools which cause the child to be awakened out of its pleasant slumbers at the very time the sleep is needed to build up a strong and healthy constitution? And then in order to get the right amount of sleep the child has to be put to bed before dark, the only time in the day that it is cool enough for it to enjoy its play.

Again why change the time of church services? Everyone knows that it is natural for the people to stay up later on Saturday nights, than any other night in the week. Why change the time of the church services and cause people to get up an hour earlier on the very morning that our Lord set apart as a day of rest? Any church will tell you it reduces the number of attendance at Sabbath School, and also at church. Our Lawrence County Funeral Directors Association did away with Sunday funerals as much as possible in order that people should have a day of rest, and also to help the cemetery and those in charge of the cemetery to get some rest on that day. Now, if we are going to have our church services over earlier in the morning, and we do not play golf, I do not see why we could not have funerals on Sabbath to take up some of the long afternoon since we are already up.

We need to do everything today in a city of this size to encourage business from the run of states, to which we have competition today with the country store, more than ever before. Good roads, high taxes, and high rents are driving people to the country districts, in which they are making little settlements of their own, where stores with practically no overhead can handle goods at much less profit than the city merchant with his rent, high taxes, no parking space, and daylight savings time. The catalogue house loves to hear of any town having daylight savings time, for the farmer can sit down after finishing his day's work, in the summer time at 8:30 or 9:00 o'clock, and make his order out, mail it to them, and have his goods delivered to his door.

Our city merchants and their clerks will tell you that in ordinary times it is from one and a half hours to two hours from opening time until there is any business done in the morning. With daylight savings time there will still be more hours in the morning when merchants and clerks will have nothing to do. And it is the very time that the people want to do their shopping if they wish to do it in time to get home to gather their children off of the streets who will be turned out of the public schools in the middle of the afternoon, that the stores will be closing in their faces.

Think of the children from the South side district who attend schools on the North hill, having to leave home at 6:30 in the morning, and walk to school, and then have to wait until 11:30 in the morning when the stores will be closing in their faces.

## New Baby Disturbs Tired Office Worker

"When my oldest boy was just a few weeks old he was badly constipated from my milk," says a Nebraska mother. "He kept us awake so much, my husband almost slept over his desk at the office. Then my doctor got us to give Baby some Castoria, and the next day he was much better. His stomach and bowels began acting perfectly and he gave us no more trouble." Avoid imitations of Castoria. The Fletcher signature marks the genuine, purely-vegetable, harmless Castoria, doctors everywhere advise for these ills of babies and children, such as colic, constipation, colds, biliousness, etc.

## SHADOWS OF OLD AGE AVERTED BY DRINK

Winchester, Tenn.—Although ninety-two years of age, Mrs. R. L. Motlow, West Sixth Avenue, has averted the shadows that usually creep upon old age. Happy and contented, she attributes this condition of health largely to her sensible selection of Postum drinks.

"I have been drinking Postum," she says, "for a period of three years because the good-taste proved so successful. Within these years my general health has improved and I am now without a physical ailment. My digestion is perfect."

**Stems tide of age**  
"Perhaps I am better qualified to speak of the real merits of Postum than many persons who are young indeed compared to the ninety-two years which I have witnessed with their seasons of trials and joys. Happiness and contentment reign supreme with me at this very moment; the shadows of old age have not crept upon me and I can look toward the future with an assurance of being able to continue the count of the minutes along the highway of time. Frankly, I am proud and thankful, too, that it has been possible for me to stem the tide of advanced age."

"When I began to include Postum in the menu, I was unable to leave my room for any cause; now, thanks to Postum, I am in the dining-room as quickly as the table has been arranged. Postum comes next with me as a drink; it is the most refreshing liquid of which I have ever partaken."

**What is your health age?**  
It doesn't matter how old you are in years—it's how old you feel that counts. Many a middle-aged person is still young in spirit—while many a young man or woman has already lost the buoyancy of youth. They don't sleep as they should, they are nervous and irritable by day.

So often the real cause lies in a single mealtime indiscretion—the regular use of caffeine. Eliminate caffeine from your diet—drink Postum in its place—it's amazing how the smooths itself out, how much younger you feel!

Try this change for thirty days and see! Then decide if you will ever go back to mealtime doses of caffeine. Four out of five decide "No!"

Postum is made of roasted whole wheat and leaves no trace of any artificial stimulant in it. Nothing to get on your nerves, to repel sleep, or affect digestion. You'll enjoy Postum for its own sake, too—for its rich, full-bodied flavor. Millions prefer Postum's flavor to that of any other mealtime drink.

Your grocer has Postum in two forms—Instant Postum, made instantly in the cup, and Postum Cereal, the kind you boil. Both cost less than other mealtime drinks—only one-half cent a cup. Order today—start your good-day test!

# Market Displays Moderate Rally

Fifteen Percent Call Money Cools Enthusiasm For Market Bulls Today

By W. S. COUSINS  
Editor  
NEW YORK, April 29.—Industrial stocks traveled a long distance today without arriving at any place in particular. The 15 per cent call money rate cooled off the enthusiasm of the bulls, even though it was generally agreed that the money market squeeze was due in large measure to month-end financing, which would be all over in a day or two. The trouble is that month-end appears to come more often than they did and that Wall Street is generally of the opinion that the "bull" money market has been "made to order" for the benefit of the money lenders.

Rally Occurs  
After the market had absorbed the heavy accumulation of week-end selling, in the course of which prices dropped off 1 to 3 points, a moderate rally was brought about by short covering and spreading the buying. The 15 per cent call money rate was announced in the early afternoon, but even that did not represent to stock market experts the "worst" of what is likely to happen to money rates this week. At least 20 per cent is looked for, but the bulls have been banking on the promise of important New York bankers to stand by in case of a money famine, as they did in the last week of March.

The bulls were not nearly as confident as they were on Saturday. From the opening gong stocks were offered on the market and prices fell. Westinghouse dropped 7 points to 151; United Aircraft 8 points to 121; Corn Products 4 to 96. Columbia Graphophone, last week's big mystery stock, slipped off about 5 points. Bethlehem steel sold off 3 points to 109. Steel was off 2 points and United States Steel a point. Losses in other active shares rarely exceeded a point or two and on the whole the market gave a very good account of itself.

# Western Maryland Railroad Purchase Brings Objections

WASHINGTON, April 29.—Charging that the Baltimore & Ohio railroad, together with the New York Central and Nickel Plate, had bought control of the Western Maryland railroad to forestall the formation of an additional competitive system in eastern territory, the Washington Post today asked the interstate commerce commission to order the Baltimore & Ohio to divest itself of all its holdings in the Western Maryland.

The charge made at the beginning of hearings today before the commission on the latter's order to the Baltimore & Ohio to show cause why it should not divest of its Western Maryland holdings "illegally held in violation of the Clayton anti-trust act."

# Youths Receive Satisfactory Sentence

PITTSBURGH, April 29.—Judge James E. Drew today sentenced Lloyd Smith, 21, of Oil City and John Burdick, 21, of Scottsdale to serve from two to four years in the penitentiary for robbing the north side restaurant of Vernon Barnes.

The time will come when a man found with a pistol will be sent to the penitentiary. Judge Drew said. "Taking a gun from a fellow like this is a pretty good crime. By failing to pass the gun licensing gun carrying as the last session, the Pennsylvania Legislature may have contributed to a great many crimes before a new law can be passed two years hence."

# River Houseboat Under Padlock

PITTSBURGH, April 29.—A houseboat in the Allegheny river here was ordered padlocked today when Federal Judge F. P. Schoonmaker ordered preliminary injunctions against saloons, stores and other places in the Pittsburgh district, where it was alleged the national prohibition law had been violated. The houseboat was raided by prohibition agents on March 15.

# COLLEGE BOYS STAGE DEBATE FOR ROTARIANS

Unusual Program at Noon Hour Meeting at "The Castleton"

Resolved: That the American Jury System Be Abolished" was the subject of the debate that four Western college students gave at the regular weekly meeting of the New Castle Rotary club today.

Samuel Colman and Frank Douds comprised the affirmative team while the negative was upheld by David Wallace and Howard Hamer.

Accompanying the student debaters was Dr. Charles A. Dawson, head of the English department, at the college and chairman of the committee on debating. Dr. Dawson introduced the speakers.

Following the debate additional names were nominated to offices of the club. The annual election of officers and new directors for the ensuing year will occur at the meeting one week from today.

# Lumber Dealer Is Held For Murder By Coroner's Jury

PITTSBURGH, April 29.—John L. Schmitt, 61, president of the Pittsburgh Lumber and Builders Supply Company, today was held by a coroner's jury on a murder charge for the slaying of Nelson E. Bell, 54, Schmitt's partner.

Schmitt sat silent during the inquest into the death of Bell, beaten to death with a 10-pound weight in the offices of the company on April 19. He was not represented by counsel.

Police officers who testified said they had arrived to find Bell lying in a pool of blood on the office floor, while Schmitt stood by with the wrench in his hand. Questioned then, he made a statement about "financial difficulties." Police believe the men had quarreled over finances of the firm and the slaying followed.

# Texan In Church Attempts Suicide

SAN ANTONIO, Texas, April 29.—Domestic Liner, 35, shot and perhaps fatally wounded himself in San Fernando Cathedral today during early morning mass. He was kneeling under a crucifix when he fired a bullet into his chest, near the heart.

Dozens of early morning worshippers were startled when the report of the gun broke the quiet and solemnity of service.

Hospital attendants said Linch had a slight chance to recover.

# CARS DAMAGED AS MEET IN COLLISION

# Dismiss Complaint Against One-Man Cars

International News Service  
HARRISBURG, April 29.—Complaint made by the city of McKeesport against operation of one man street cars in certain sections of that municipality by the Pittsburgh Railway Company was dismissed by the public service commission today.

The commission said that one man cars had been installed to reduce operating expenses to meet competition of private automobiles and other means of transportation. A review of operating conditions in McKeesport failed to convince the commission that the "one man" type of car is more dangerous to the public than the operation of cars with a crew of two men.

The commission also issued an order permitting the Union Heat and Light Company to abandon sections of its gas mains in Mercer county. The company had asked to abandon 40,000 feet of main. The commission modified the request to retain the line within 2,000 feet of the southern limits of Leetsburg.

# Husband Held In Smothering Case, Wife Makes Charge

Pittsburgh Woman Tells Magistrate Brandon Husband Tried To Smother Her

PITTSBURGH, April 29.—Charles Perold, 40, a mechanic, was held for court in bail of \$2,000 when arraigned before Magistrate A. D. Brandon in morals court charged with intent to commit murder.

Perold is accused by his wife, Mrs. Stella Perold, of attempting to asphyxiate her while she slept.

She told of being awakened early Saturday morning and finding a mask over her face and being suffocated by fumes. Her husband, according to Mrs. Perold's story, forced the mask back upon her face when she succeeded in freeing herself from it. After a struggle, she told the court, she hid herself of the mask, and then Perold, she charges, told her she had been the victim of a nightmare.

Perold was arrested by detectives who found the supposed mask, a length of rubber tubing and a pressure tank in the basement of the Perold home.

Perold denied the charges made by his wife.

# ANOTHER FALSE ALARM SOUNDED

Members of the Central and No. 5 departments, were called to Long avenue and Pollock at 1:25 this morning by a false alarm from Box 58.

Assistant Chief Clare Stockman stated that a street car man had seen a man running down Long avenue at the time the alarm was sounded, and that he had disappeared up the first alley west of Cunningham avenue. The firemen went to that district but were unable to find any trace of him.

This was the second false alarm sounded from that district within a few days, and a close watch is to be kept to determine who has been sending in these alarms. Drastic punishment is promised if he is apprehended.

# Alice In Einstein Land

By S. S. MYERS

A somewhat facetious article in a spirit hovered over the scene, observing every stage of the conflict. After the battle it moves off into space with the speed of thought and remains stationary waiting for the light waves bearing the images of the battle to pass by. And as they do so it registers the events of the battle from beginning to end, just as if the battle was still in progress.

Then, after the light waves have passed on, it follows after, reviewing the battle in reverse order, something like reversing the film of a moving picture. Traveling just a little faster than the waves of light the entire battle is reversed—the bullets leap from the bodies back to the guns, the dead soldiers become alive and spring to their feet, they merge again into line of battle, fall back into line of march, back to their barracks, back to their homes, back to their youth, back to their childhood and back to their cradles.

Thus nothing could be hid from that spirit; it could review everything that ever happened from its beginning to its end.

"This," said Professor Newcome, "gives me some conception of an omnipresence in the universe—a spirit that can be everywhere present and who knows everything that happens."

# SENATE RESUMES HEATED DEBATE ON FARM RELIEF

(Continued From Page One)

Hoover's most ardent supporter in the presidential campaign, told International News Service he planned to vote for the Debutante plan if several minor amendments were adopted. This division of opinion between the president and Borah may have reaching effects and certainly will be used by the Democrats for political propaganda.

SENATE OCCURS

Another feature of the Senate debate will be the split between members of the usually solid insurgent bloc. Thus far Senators Brookhart (R) of Iowa and Tamm (R) of North Dakota, have advocated the Debutante plan, while Senators Coughlin (R) of Michigan, and Nye (R) of North Dakota, have opposed it.

The remainder of the bloc very likely will support the Debutante but it will mark the first time in a long while that the insurgents have split on any question.

Senator James E. Watson (R) of Indiana, was to reply this afternoon.

# Ambassador Gibson Has New Proposal For Limitations

WASHINGTON, April 29.—Ambassador Hugh Gibson has played into the hands of British and French diplomats for a second time in proposing to the League of Nations disarmament commission that trained army reserves be omitted from any arms limitation plan. Rep. Burton (R) of Illinois, chairman of the house naval affairs committee, declared today.

The American war department, he said, fought this idea when it was first advanced in Europe two years ago.

# Eighteen Sailors Believed Dead As Explosion Occurs

Inter-Island Steamer Viking, Plying Visayan Sea, Damaged By Blast And Fired

MANILA, April 29.—Eighteen of the crew of the inter-island steamer Viking were believed to have been lost today when the ship burned to the water's edge in the Visayan Sea after an explosion caused by the ignition of a volatile gas used in cleaning hatchways.

Several of the crew were blown overboard and badly burned, while the blast occurred late yesterday.

It is feared that all others aboard the Viking, including Captain Charles G. Olsen, were lost. Most of the crew were Filipinos and Chinese.

The Visayan Sea is a body of water lying in the midst of several of the center islands of the Philippines.

# Vera Cruz Has Damaging Fire

VERA CRUZ, MEXICO, April 29.—Twenty-five buildings, including a dozen commercial houses, were destroyed today in the most destructive fire which has swept this port in many years.

Estimates placed the damage at about 1,500,000 pesos.

The fire lightning forces of the city finally brought the conflagration under control only after it had burned for several hours.

When the meek inherit the earth, they won't be able to run it. But fortunately most of them have large capable wives.

Central W. C. T. U. met Friday evening at the Y. W. C. A. as a special called meeting to organize a young people's branch. The meeting was called to order by Mrs. C. M. Grace. After the devotional period led by Mrs. Jennie Porqure, Mrs. E. C. Brahm, Lawrence county department director of Y. P. B. work, was introduced and acted as chairman.

The W. C. T. U. song books were used. Attorney Charles R. Davis gave a splendid talk to the girls on the importance of the young people entering this campaign for clean government and right living. A song entitled "Give Cooperation Its Chance" was led by Cecil Morris, all joining in the chorus. Dorothy Price read her prize essay, "Why a Workman Should Avoid Alcohol."

"The Young Patriot," a reading, was given by Louella Nicholson, who had won the medal in the silver medal contest held recently. "Youth's Roll Call" pledges were explained by Mrs. C. M. Grace and each girl was asked to get ten signatures before the next meeting. A piano solo was given by Miss Margaret Jones.

The following officers of the new Y. P. B. were elected: President, Cecil Morris; first vice-president, Lois Barker; second vice-president, Josephine Abbott; third vice-president, Hazel Barrett; fourth vice-president, Helen Blinn; secretary, Mary Jane Wood; treasurer and corresponding secretary, Ethelyn Donahoe. Other girls present were Edna Lutz and Gula Price.

The next meeting will be held on Thursday, May 9. Other charter members will still be admitted. The business meeting was closed by a dedicatory prayer by Mrs. Porqure. The girls were taken to the social rooms where refreshments were served.

Covers were arranged for 21. The color scheme was pink and white. Apple blossoms, pink tapers in crystal holders and pink and white crepe paper decorations made a charming decoration.

The social committee included Mrs. James Cunningham, Mrs. Edith Paccella, Mrs. J. L. Badger and Mrs. T. C. Nelson. Central union appointed Mrs. T. C. Nelson as branch secretary for the Y. P. B. and Mrs. J. L. Badger as assistant.

time Method

STATE COLLEGE, Pa., April 29.—Weeding the "boarders" out of their herds, members of Keystone cow testing associations disposed of 252 unprofitable animals during March, the Pennsylvania State College dairy extension service announced today.

One cow in six produced 40 pounds of butterfat and one cow in five gave more than a thousand pounds of milk. Fifty-eight associations tested 20,674 cows, of which 3,209 passed the 40-pound mark and 3,963 exceeded a half ton of milk. There were 1,165 cows producing more than 50 pounds of butterfat and 2,234 cows giving over a thousand pounds of milk.

Leading all associations in the number of cows tested was the Chester valley group of Chester county with 540. The Mansfield association of Tioga county was second with 522 cows tested. The Coventry association of Chester county led in the number of 40-pound butterfat producers with 106, and the Wayne county group was second with 103.

The valley dairymen in adjoining county had the largest number of 1,000-pound milkers, 142, with 125 being reported for the Buffalo valley association of Union county.

**This Triple Action Cleaner**  
Backed by Company  
127 Years Will

Every Hamilton Beach cleaner is backed by a 127 year old, \$11,000,000 company—and a 2 year guarantee. Over 3,000,000 Hamilton Beach appliances now in use. Ask the story.

**THIS sensational price reduction was made by eliminating the tremendous expense of factory-trained agent supervisors and agents.**

**Gets 28% More Dirt**

This is the identical motor-driven beating brush cleaner that previously sold at \$62.50. In tests made by Modern Plastic Proving Plant, this Hamilton Beach cleaner removed 28% more dirt than the average removed by 14 other cleaners previously tested. Good Housekeeping Institute says about this cleaner, "particularly effective in picking up threads and lint."

**Rapid Sweeping—Thoro Beating—Powerful Suction**

The "triple action" (rapid sweeping—thoro beating—powerful suction) thoroughly cleans the thickest or thinnest rug and leaves the nap like new. It is quiet running—light in weight—easily operated—no glider without effort. The motor—large and powerful—runs smoothly on ballbearings and never needs oiling.

We shall be glad to let you try this cleaner without obligation, on your home or on our special demonstrating team in your office. There is no better cleaner made—regardless of price. We respect fully invite comparison.

# What Dr. Caldwell Learned in 47 Years Practice

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not gripe. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings, to put into their system. In a practice of 47 years he never saw any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently without gripping and harm to the system.

Keep free from constipation! It robs your strength, hardens your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit and

J. B. Caldwell, M.D. AT AGE 83

hope, but go to a druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin. Take the proper dose that night and by morning you will feel like a different person. Use for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds.

# WORDS CANNOT TELL HOW THIS LADY SUFFERED

Ten Herbs Gave Blessed Relief: Rheumatism And Other Ailments Gone.

If you suffer from stomach, liver, kidney or bowel disorders, rheumatism, neuritis, or nervousness, or are troubled with a weak, aching feeling, you need Ten Herbs. It is the medicine that has brought blessed

MRS. CONSTANTINE LATKOWSKI

health to thousands of men and women of this section. Probably no other medical preparation has ever been endorsed in the New Castle paper by so many local persons as Ten Herbs. Find out for yourself about this famous compound with the ten wonderful herbs ingredients by calling on the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 20 East Washington St., this city, where he is daily demonstrating this new preparation.

"I am enjoying the best of health, since using Ten Herbs," said Mrs. Constantine Latkowski, 17 Enon Way, (South Side), Pittsburgh, Pa., according to the Ten Herbs Man. "No one knows how I suffered before taking this medicine. I had terrible rheumatism pains in my limbs. These pains would shoot up through my body and into my arms until I would almost scream. Constipation troubled me. My appetite was very poor, and what I ate did not digest properly. I would feel full and heavy, and then I would feel with gas and be in misery. My nerves got unstrung, and I did not sleep well—had to get up several times nightly. I finally became so weak and run-down that I could not do my housework."

"Some of my friends were taking Ten Herbs with such splendid results that I started using it. Rheumatism pains disappeared. Now I can eat anything without fear of misery afterwards—no more sour stomach or bloating. My nerves are stronger. I can sleep through the whole night without having to get up, and in the morning I feel refreshed. I feel better and stronger in every respect. Ten Herbs has helped me in so many different ways that I do not hesitate to recommend this medicine to the public."

"The Ten Herbs Man, is at Eckerd's of New Castle, Inc., 20 East Washington St., where he is daily meeting the public and explaining the merits of this medicine."

## CLOTHING ON FIRE, BOY BADLY BURNED

FRANKLIN, Pa., April 20.—Buddy Snyder, 4, was painfully burned at play when his clothes became ignited from the burning contents of a waste-basket in the office yard of a limestone company here. His screams brought help, the promptness of which undoubtedly saved his life.

There are 35,000,000,000 stars, an astronomer says. We assume that the statement is accurate. At least we are not prepared to dispute it.

# Non Stop Flight Around World Is Plan Of Fliers

Arrangements About Com-  
pleted For Sensational  
Try At World Non  
Stop Flight

CAPTAIN LYON TO  
BE NAVIGATOR

WASHINGTON, April 29.—A non-stop flight around the world, the longest ever attempted, is being planned by a party of three men, including Capt. H. G. Lyon, navigator of the Southern Cross, who made the trans-Pacific flight, and three others.

Arrangements have been virtually completed, but they are still keeping the itinerary a secret. They admit, however, the project and are an attempt will be made in a few weeks.

Lead. Hider will be the commander of the flight, while Lyon will be the navigator. The plane will be part metal and part fabric, it is said.

They declined to reveal the identity of their three companions.

Refer "Overhauling"  
Bids To Mechanic

Council Takes Action Whereby  
Police Car Will Be Put  
In Use

Overhauled today opened bids for the "overhauling" of the seven-passenger police car which was put in the shop and referred the bids to the city mechanic.

The bids:  
The Colson Machine company, \$165  
Carl Holmberg, \$194.75.  
The engine and chassis will be overhauled and put in first class condition.

The persons who made the bids will not work on the body of the touring car.

Recently council purchased a new seven-passenger Buick and the five-passenger car now used will be turned in to the company as representative of \$100.

Buy Half Ton Truck  
From Shenango Motor

Council Purchases Lowest Priced  
Truck Offered To  
City

Council met formally at the city building today and purchased the lowest priced auto truck for use in the street department which was offered.

The motion to purchase the 1-2 ton truck from the Shenango Motor Company, at a cost of \$540, F. O. B., was made by Councilman Reeves and carried unanimously.

The bids were taken on a truck, ton or less and resulted in the bids as follows:  
Shenango Motor Company, 1-2 ton, \$540; Lawrence Auto Company, 1-2 ton, \$590; Mahoning Auto Company, 2-4 ton, \$910 and a ton truck, Lawrence Auto Company, \$1,350.

Delegates To Girl  
Scout Conference

At Norfolk, Home  
Conference Program Includes  
Afternoon Tea At The  
White House

Mrs. W. H. Hanger and Misses Regina Popp and Nance Pugh, director of New Castle Girl Scouts have returned home from Norfolk, Va., where they attended the tenth regional conference of Region Three of the Girl Scouts. The conference convened on April 22 and ended April 24.

Proceeding the conference there was a training course at Ocean View, Va., which the local delegates also attended. The training course began April 19 and continued until April 22.

There were a number of noted and interesting conference speakers. The Norfolk Girl Scout council had also arranged several trips of interest for the delegates.

Mrs. Herbert Hoover, first vice-president of the Girl Scout organization being unable to be present at the conference, the entire conference came to Washington on last Thursday and met with Mrs. Hoover. In the afternoon the delegates were all guests of Mrs. Hoover at tea at the White House.

Delegates were present at the conference from Pennsylvania, Delaware, Maryland, District of Columbia and Virginia.

Regional officers were elected during the conference. Officers are: Mrs. Frederick Brook of Washington, D. C., regional chairman; Mrs. Stewart McGuire of Richmond, Va., assistant regional chairman; Mrs. John Stange Davis of Baltimore, Md., secretary.

The next annual regional conference will be in Philadelphia next April.

Reeves Would Widen  
Part Of North Street

Mayor Believes Resurfacing And  
Parking Ban Would Be  
Sufficient

Councilman Clayton Reeves believes that North street, between Neshannock avenue and East street should be widened, inasmuch as a bridge is being built across the Neshannock river.

Other councilmen believe a widening of the thoroughfare would provide merely an improvement for parking.

Mayor Gillespie said that if North street is resurfaced and parking banned it would serve sufficiently as it is for traffic.

Councilman Tyler said that as the bridge would serve to connect routes leading from state highways the city ought to get state aid.

Solicitor White explained that state highway officials would point out the routes, not the city, then decide on state aid.

Nothing came from the councilman's proposed widening.

COLLISION REPORTED  
ON NESHANNOCK AVENUE

Robert Welsh, 306 Pearson street, reported Saturday to the police that he was involved in a collision on Neshannock avenue at North street and had stopped to allow a large truck to back into the North street bridge, when a machine bearing Pennsylvania license 550-161 going east on Neshannock avenue and following his machine, didn't wait to allow the large truck to back but went around the Welsh car and hit and damaged a twenty-eight foot extension ladder he had on his machine.

BOOSTER COMMITTEES  
WILL MEET TUESDAY

Members of the Publicity and Bread Committees of the New Castle Booster club will hold a special meeting in the city council chambers Tuesday evening at 7 o'clock, when the bread question and other important matters will be discussed.

All members of these two committees are asked to be on hand promptly at 7 o'clock.

LEFT HAND TURN  
ACCIDENT CAUSE

William C. Hogue, 929 Winslow avenue, reported to the police Saturday that he was driving north on North Jefferson street at Falls street and planning to make a left hand turn, when a machine bearing Pennsylvania license 610-645 going north and following his machine, hit and damaged his car.

FINED AS KEEPER  
OF DISORDERLY HOUSE.

Mrs. Michael Hosack, 33 Miller street, arrested Saturday night about 11:30 o'clock by Lieutenant of Police Hillers and Officers M. J. Young, Dukes and Lockard, paid a fine of \$25 assessed Sunday morning by Mayor William H. Gillespie. She was charged with being the keeper of a disorderly house.

TWO CASES OF NEW  
CONTAGION HERE

Two new cases of contagion today were reported to the city health officer, Dr. William L. Steen.

## AIMEE BREAKS MONOTONY IN PLANE

To break the monotony of court sessions, Mrs. Aimee Sample McPherson, leader of Angelus Temple, Los Angeles, a principal witness in the impeachment trial of Judge Carlos S. Hardy in Sacramento, made her first airplane trip. Above, with her daughter, Roberta, she is boarding an air liner for the trip to Sacramento from Los Angeles.

Thrill Race Stirs Interest  
At George Washington High

Miss Nettie Hinkson, Miss Sarah Barnes and Elmer O. Delaney are members of the faculty committee in charge of the thrill race campaign now being sponsored at the George Washington junior high school.

The school has been divided off into teams, part on the orange side and the remainder on the black side. Under the supervision of the faculty committee the campaign was successfully launched and now is helping to increase George Washington's thrill average day by day.

In the lobby of the school there has been erected a chart showing two teams heading the same direction on two different tracks, speeding toward the station of Thrill, where the journey supposedly ends. "The Express to Thrill" is the caption that runs along the top of the board.

One engine is orange in color, the other black. Each is making valiant attempt to get their teams to the destination first. Their weekly progress all depends upon the amount their side saves.

Each Wednesday is thrill day and it is at that time the engines are moved ahead as far as they should go. Interest is keen and pupils can scarcely await the time when the engines are moved up.

In addition to the bulletin record of progress there are thrill messages given by pupils in the different home rooms. An attractive poster urging the children to save adorns the front lobby. It was created by Harold Watson of grade 7A3, assisted by the art teacher, Miss Helena Burkhardt.

Two stamp banks are situated at Washington, one upstairs and one down. These are provided by a local bank and constantly encourage the regular thrill habit among the pupils.

Burns Are Fatal  
To Small Boy

New Wilmington Lad Dies In  
Youngstown Hospital  
From Burns

NEW WILMINGTON, April 29.—A seriously burned as a result of a gasoline explosion and fire at 11 o'clock Saturday morning, little James Miller, age 5 years, of Neshannock avenue, here, died at 2:30 o'clock Saturday afternoon at the Youngstown City Hospital.

The boy was badly burned about the face and upper portion of his body when he unwittingly ignited some gasoline which was left over in the tank of a scrap automobile in the garage of Minner and Lamb here. Retaining consciousness almost up to the time of his death, the boy told that he had ignited a match and that the explosion had followed. He had been playing in and around the automobile for a short time preceding the accident.

The accident was first discovered by Robert Rose, who finding his assistant ineffective called for help. When William Evans and others arrived the clothes were almost burned off the boy from the hips up. The fire was immediately extinguished and James was rushed to a doctor's office for first aid treatment, and then to the Youngstown hospital.

The funeral services took place this afternoon at 2 o'clock from the residence of Mr. Minner on South Market street. The Methodist minister, Rev. V. L. Bloomquist, took charge of the services.

Puts Up Forfeit;  
Fails To Appear

K. Woloszewich, 1803 Hamilton street, arrested Saturday night by Lieutenant of Police Hillers and Officers M. J. Young, Dukes and Lockard, was charged with being the keeper of a disorderly house. He put up a forfeit of \$100 for his appearance before Mayor William H. Gillespie on Sunday morning and failed to make his appearance and his money was declared forfeited to the city.

## To Participate In Big Safety Drive

Wampum Crescent Cement  
Plant To Cooperate In  
Greatest No-Accident Drive

Cooperating with more than 100 cement mills in the United States, Canada and Cuba, the Crescent Cement plant of Wampum has entered what promises to be the greatest accident prevention campaign ever launched by a single industry. W. J. H. Superintendent of the Wampum plant announced today.

The drive is sponsored by the Portland Cement Association for the elimination of all accidents during the months of May and June in every member mill of the association. National and state departments of labor as well as all national and local safety organizations are assisting.

A safety committee composed of several members has been appointed from the personnel of the local mill to carry the drive to every employee of every department. On the first day of June a safety flag, presented by the association, will be unfurled. It will fly as long as the plant continues to operate without a lost time accident.

"We expect to keep that flag flying all through June," said Superintendent Kier. "Every man is on his toes. With that spirit behind the campaign the flag will fly not only through June but also through July and August and every succeeding month until it is worn to shreds."

## Mexican Forces

Plan For Battle

NOGALES, Sonora, Mexico, April 29.—A battle somewhere on the west-

ern slope of the Sierra Madre mountains between Pulpito Pass and Carretas Pass appeared imminent today as reports reached here stating federal troops under General Almazan had succeeded in crossing the mountains.

The report was followed immediately by the departure of General J. Gonzalo Escobar, rebel chief, in his special military train for an unknown destination. He was known to have gone east over the San Pedro de Mexico railroad accompanied by an escort of 100 cavalrymen.

## Microphones For Senate-House Is Proposal Of Dill

WASHINGTON, April 29.—The proposal of Senator Dill (D) of Washington to install radio microphones in the senate and house has threatened one of the favorite indoor sports of congress—insertion of speeches in the Congressional Record for constituents to read but which are never delivered.

The scare is real, because members generally believe that the time is not far distant when the Dill proposal will be adopted.

The practice is defended by many members who say congress would spend all its time talking if every speech in the Congressional Record had to be delivered on the floor.

## Veterans Organize Camp In Sharon

Local People Attend Meeting Of  
New Spanish American War  
Camp, Sunday

A number of New Castle people were in Sharon on Sunday where they attended a meeting held for the organization of a new camp of the Spanish American War Veterans.

An organization was effected with about 250 people from western Pennsylvania attending. The new camp will be known as the Major Hileman camp. The state commander, J. Clark, Mansfield, was in charge.

Those attending from New Castle were Mr. and Mrs. Orville VanHorn, Mr. and Mrs. Ed Carr and Mrs. and Mrs. F. P. Knowles. The local party also attended a banquet at Oil City on Tuesday evening and one at Sharpsville on Thursday evening of American War Veterans.

## Kelly Practicing For Stage Return

(International News Service)  
SAN QUENTIN STATE PRISON, Calif., April 29.—Paul Kelly, former purveyor of juvenile stage roles, now eligible for parole on a five-year term for the murder of Ray Raymond, Los Angeles stage comedian and husband of Dorothy Mackaye, shies at publicity.

When reporters sought an inter-

view with the actor today, he sent this word back to them:

"I do not wish to see representatives of the press."

But Kelly is receiving his publicity anyhow. It is known that he is getting in trim to resume his professional career as soon as he is paroled. He has recently been assigned a place in the prison library, and guards report that he spends all his spare time pouring over volumes on dramatics and oral expression.

"Paul Kelly is a model prisoner—we have found him a hard and willing worker," declared Warden James B. Holahan.

Kelly is still popular on the outside, and among his several visitors today were Percy Pollock and George Le Guern, theatrical stars.

"We used to have some good old times in the Lambs' Club in New York," said Pollock reminiscently as he left the prison.

Kelly is not receiving any word from "Dol" Mackaye, unless by indirect means, according to Warden Holahan, who explained that a released prisoner is not allowed to communicate with any convict.

## Wood Conservation Conference Opens

(International News Service)  
WASHINGTON, April 29.—Opening the national conference on wood utilization Secretary of Commerce Lamont today declared that intelligence in the use of wood is the basis for reforestation of the United States.

Replacement of the country's rapidly vanishing forests has been given as one method of flood control, especially in the Mississippi valley.

"True conservation of forest resources to the modern sense involves the application of packing-house methods in the utilization of wood to the end that private capital may be attached to the growing of timber as a sound investment," Lamont said.

"We no longer think of conservation only in terms of hoarding replaceable natural resources, but believe that conservation involves intelligent and efficient use of materials. This conception of conservation is applicable to wood as it is to other replaceable natural resources."

In building and construction, for instance, large sums of money are wasted annually through improper specifications and methods of construction, according to Lamont.

The secretary said that the national committee on wood utilization has started a nation-wide survey of non-utilized woods available at sawmills, planing mills and wood-working establishments. In Virginia and North Carolina already studied there were 61,000 car loads of wood waste suitable as raw materials for pulp mills, fiber factories, box plants and other industries.

"The wood using industries will eventually adopt the same efficient methods of raw-material utilization as have been practiced for years by the packing, smelting and other industries."

Among other speakers were N. Max Dunning of Chicago; Leroy E. Kern of New York; P. E. Colesworthy of Worcester, Mass.; Dr. Julius Klein, assistant secretary of commerce and Thomas D. Perry of Boston.

## Storm Damage In Pittsburgh

Heavy Wind Storm Causes  
Havoc In District Sunday Night

(International News Service)  
PITTSBURGH, April 29.—Tearing through the Pittsburgh district, a 30-mile an hour wind last night demolished a dwelling and a garage, broke windows, uprooted trees and played havoc with signs a check-up showed today.

In Ross township the home and garage of John Ross were ripped from their foundations and blown about. Sections of the frame dwelling were found several hundred yards away in fields. The garage was reduced to a complete wreck. Ross and his family were absent when the storm struck their home.

Summoned by neighbors, policemen Vernon P. Mies and Peter Smith said they found a 50-gallon still and a small quantity of liquor in the ruins of the Ross home and a search for him was begun.

In suburban communities trees were rooted up and numerous households reported windows blown in. In Steelton, Pa., a high wind accompanied by rain and an electrical storm unroofed a number of buildings and leveled a score of trees.

Striking only a portion of the town the storm did not do much damage except to a garage and a small mill which were unroofed.

## Passover Service On Tuesday Night

Rabbi Menkes To Discuss "A  
Song And Its Sequel"  
At Service

A Song and Its Sequel—Jewish tradition associates the seventh day of Passover with the crossing of the Red Sea. It was then that Moses intoned a psalm of triumph matchless for artistic beauty and spiritual force. What prompted Moses to sing that song? Did his contemporaries remain true to its spirit? What was the cause of their defections? Where comes discontent? These questions will be discussed by Rabbi Menkes at Temple Israel in connection with the Seventh-Day Passover services tomorrow night at 8 p. m. (daylight saving time).

The concluding services of the Passover will be held Wednesday morning at 10:30 a. m.

# SOLID COPPER TUB

AN EXTRA-CAPACITY

## Gainaday

ELECTRIC WASHER

AND WITHOUT A MOVING PART

The New Gainaday Electric Washer is beautiful, compact, and the easiest machine to operate. Washing—done by water action alone—is quicker and more thorough. As the perfectly balanced rub swings back and forth, smooth raised baffles keep the water swirling through the clothes.

This machine cleans itself. All materials are the best, non-rusting, non-corroding. With the fewest possible number of moving parts, there is nothing to get out of order.

Balloon rolls of the automatic wringer will not break buttons. The drain board is stationary, of solid copper. The water board tilts either way. Throughout the New Gainaday Electric Washer is designed for women. Let us demonstrate it to you and explain the convenient terms on which it may be purchased.

## THIS IS THE MACHINE

**—that presses THE  
BODY OF YOUR COAT  
AT MAYBERRY'S**

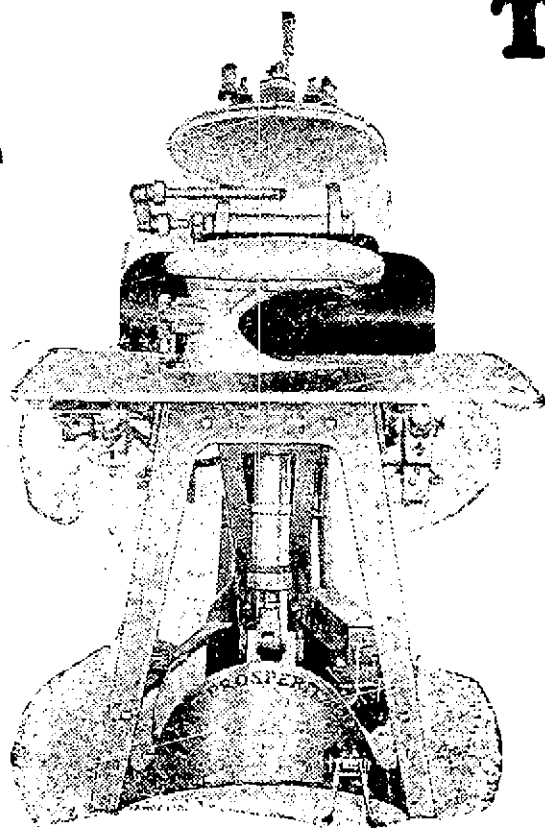

—It is not flat but rounded to conform to the original contours of the garment. It is used to press the back and the front of your coat. This is an individual operation, not automatic. Today there is no automatic machine made that can perform this task as well as hand operation. Mayberry's operators of this machine are skilled to the task by years of experience.

## THIS IS THE MACHINE

**—that presses THE  
COLLAR OF YOUR COAT  
AT MAYBERRY'S**

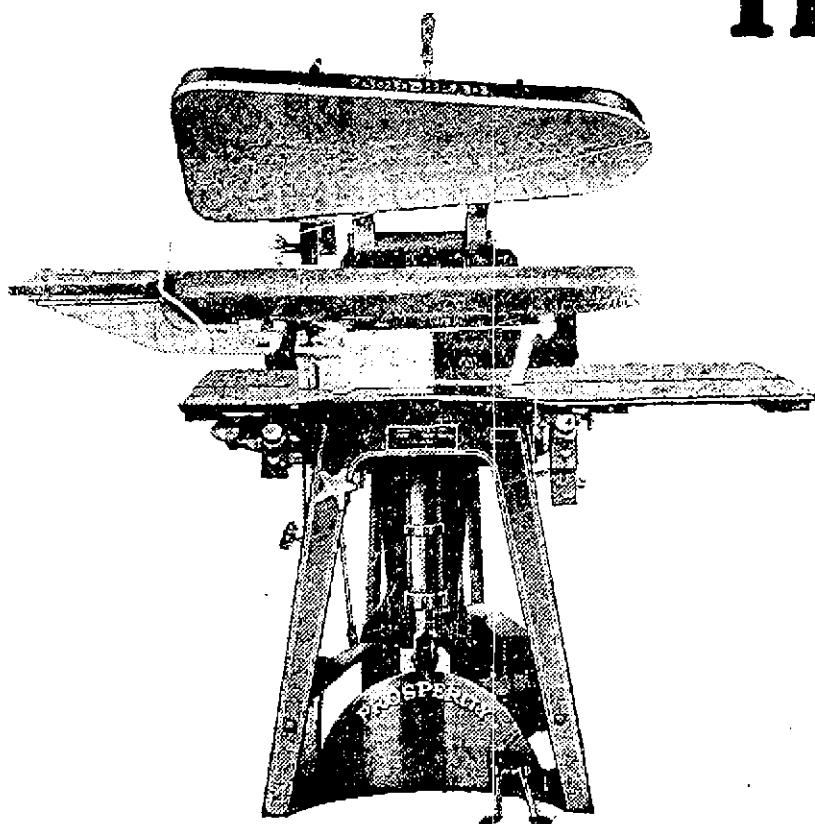

This machine is automatic and was invented and perfected by Oswald Werner — millionaire, pioneer Dry Cleaner of Pittsburgh, Pennsylvania. It is the result of fifty years of cleaning experience and research. This automatic machine is built to the contour of the shoulders and neck — and presses the collar in a manner that insures its clinging to the neck.

## THIS IS THE MACHINE

**—that presses  
YOUR TROUSERS  
AT MAYBERRY'S**

This automatic machine presses both creases at the same time and thus insures that both the front and back crease will be of even length. It is so built that the crease of the trouser can be but coat length long — which is proper. At Mayberry's, English pleated trousers are pressed on a separate machine because they must be creased to the belt line.

**Phone 4185**

**MAYBERRY'S**

**"Better Cleaning" AND PRESSING**

Mayberry's quality service costs no more than ordinary cleaning and pressing—and the service is better. Ask your friends, those well dressed men and smartly attired women, who does their cleaning and pressing—invariably it is MAYBERRY.

Mayberry service is more than 24 hour service—it is individual service. Many times we are called upon by our patrons to make emergency deliveries, to perform additional tasks. You will find us always ready to do what is hardly fair to ask.

# This is the way MAYBERRY'S —press your suit

**—press your suit**

**—press your suit**

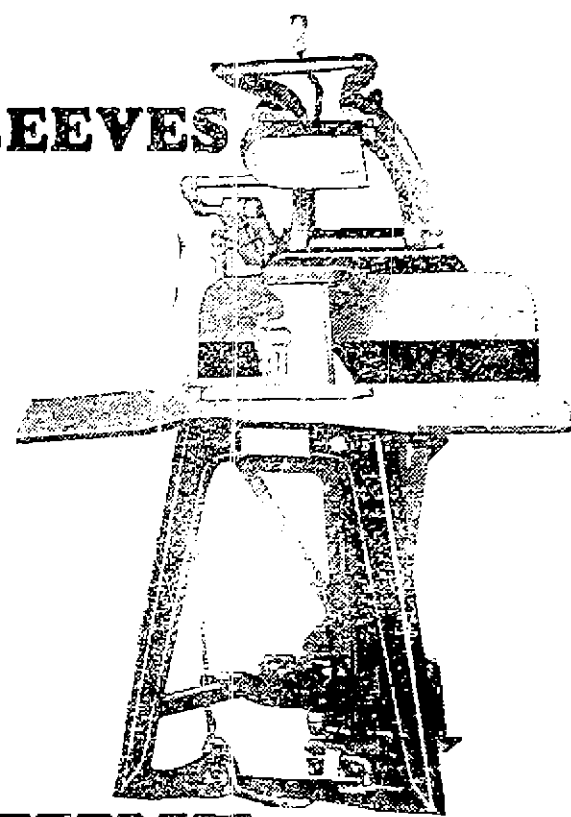

**—press your suit**

and it is the way VanFLEET and EAKIN recommend for the pressing of their world famous HART SCHAFFNER & MARX Clothing. We needn't mention that Mayberry's sew on a button here and make a mend there. You know that goes with Mayberry service.

## THIS IS THE MACHINE

**—that presses THE  
SHOULDER AND SLEEVES  
AT MAYBERRY'S**

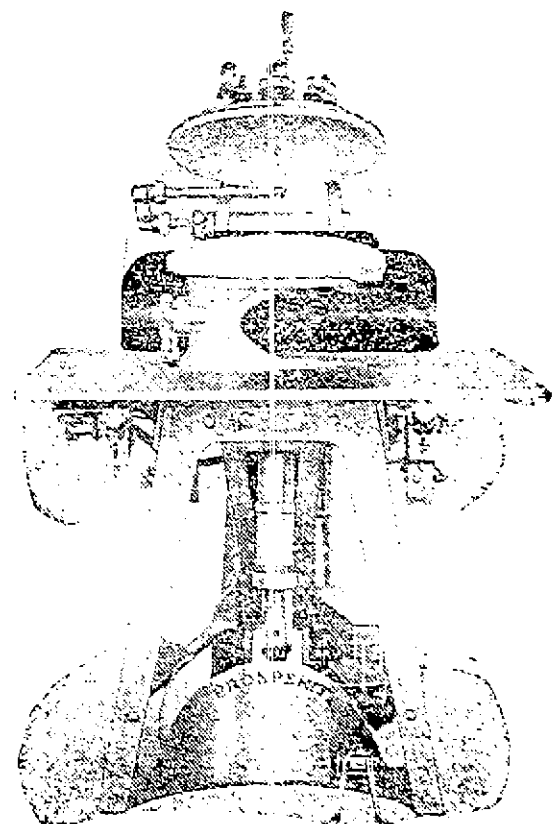

The old way is to steam the shoulders and sleeves and press by hand. This automatic machine is shaped to the body and does ever-so-much better work — for it insures equal pressure and not too great pressure. It is a very small machine — this illustration makes it appear equal in size to the others, but it is not.

## THIS IS THE MACHINE

**—that presses  
YOUR VEST  
AT MAYBERRY'S**

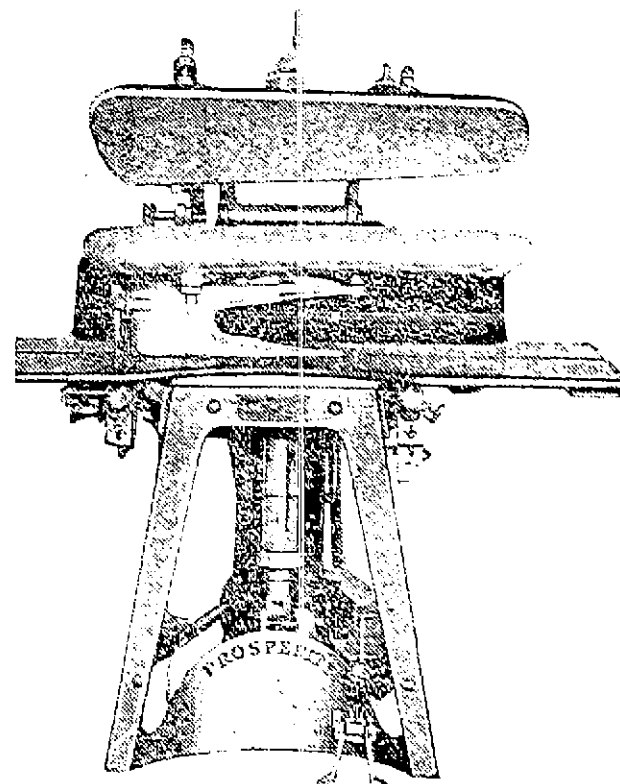

This machine is rounded to conform to the shape of the body. At Mayberry's it is hand operated by persons skilled by years of experience. Today, no automatic machine has been invented that we believe can perform this task as well as hand operation. That is why Mayberry's do not perform this operation automatically. Ours is a quality not a quantity service.

## THIS IS THE MACHINE

**—that presses THE  
TOP OF YOUR  
TROUSERS  
AT MAYBERRY'S**

This machine is curved to fit the top of the trousers and performs its task automatically at Mayberry's. Men who wear fine clothes are usually Mayberry patrons.

## PLANS ARE COMPLETED FOR THE FOUR COUNTY LEGION ROUND UP

Speaker Of The Evening To Be Gen. George C. Rickards Of Franklin, Retired Official

Parade Starts At 9:15 To Permit Out-Of-Town Participants To Cope With Time

ELLWOOD CITY, April 29.—Plans are completed for the American Legion Four County round-up which takes place here Friday evening May 3 in the auditorium of the Shelby social club.

The speaker of the evening, General George C. Rickards, a retired army officer, residing in Franklin, comes here highly recommended and will have an interesting message for the comrades. He is affiliated with Venango county in the capacity of Registrar and Recorder. He will be introduced by Burton J. Bell, chairman of the Entertainment committee.

The time set for the parade has been stated as being 9:30 on account of the many motorists coming from surrounding towns that are not operating on Daylight Savings time. The parade will start from the Pittsburgh and Lake Erie freight house, and Capt. Howell Jenkins will act as marshal.

There will be three bands and six bands and drum corps.

Besides the speaking numbers on the program there will be musical selections, motion pictures of the 28th division in action during the World War, bowling, swimming, cards and a fine banquet.

## F. P. A.'s Hear Fine Talk By Official

Joint Meeting Of Fraternal Patriotic Americans Is Enjoyed In The Wampum Lodge

ELLWOOD CITY, April 29.—Members of the local order of Fraternal Patriotic American lodge, No. 192, together with members of the New Castle lodge No. 180 were guests of the Wampum lodge No. 181 on Friday evening.

A feature of the program was a spirited address by State Secretary, C. W. Brindser of Philadelphia, who chose as his subject "Immigration and Education as Regards the F. P. A." Mr. Brindser spoke from a wealth of knowledge along this line, having achieved a high place in the state in the immigration educational field. He was later called in on a committee consultation in Philadelphia to discuss the subject of establishing a department of education in the President's cabinet. Other state officials present were: State Comptroller, Harry Miller, Altoona; State Vice Comptroller, Elmer Town; State Councilor, Junior Past State Councilor Clarence Bauman of Philadelphia and State Treasurer L. H. Crick of Pittsburgh. All the above mentioned men gave short and interesting addresses to the lodge members, making the entire program one that will be long remembered in the annals of local lodge activities.

The successful meeting concluded with the serving of a banquet by the members of the Wampum lodge. The next meeting of the local lodge will take place on May 17 at the First National Bank building. There will also be a meeting of the Past Councilors association here on May 17 and there will be a joint initiation of a class of candidates at the New Castle lodge on June 18 under the auspices of the Past Councilors association.

## Local Athletes Place Well In Valley Meet

Paul MacMurdo, Cousin Of Famous Family, Places Third In Several Events

ELLWOOD CITY, April 29.—Fourteen members of the local track team of the Ellwood High school motored to Beaver Falls Saturday to participate in an invitation meet, in which fifteen high schools were entered.

Steuersville won first place in the relay race, with the Ellwood team a close second. Members of the Ellwood relay team were Willie Justine, Ralph Straus, Clifford Richards and Paul MacMurdo.

Paul MacMurdo further distinguished himself by placing third in the half mile and quarter mile races. He is a cousin of the famous MacMurdo family that have put Ellwood on the map athletically speaking, and resides on the North Side.

This coming Saturday the track team will compete in the Carnegie Tech meet in Pittsburgh and the following Saturday, May 11 will participate in an inter-scholastic meet in Beaver valley. There is a great deal of good material in the track team, which is being developed in fine shape by Bartholomew and Peck Lee.

Another feature of Saturday's meet was that Miss Dunn tied with two other contestants for third place in the high hurdles. Considering the number of large high schools participating, Ellwood City accredited itself in an admirable manner.

## Sponsors Quarantine

Judge Mary B. Grossman, Municipal Judge Mary B. Grossman, Cleveland, who presided for almost two and one-half years in a "morals court," where vice cases were brought for trial, advocates a movement to quarantine persons found to be infected with social disease. The city, however, should provide a special place where women can be treated, the judge says. "The hardened kind of women can be sent to the detention home, but a special hospital or ward is needed for young girls arrested for their first offense, where they can be sensibly and humanely treated."

## ELKS PLAN FOR MOTHER'S DAY

## New Castle High Second In Meet At Beaver Falls

Track Athletes Nose Out Beaver Falls For Second By One Point

Ellwood City High School Boys Do well In Track Events

By CHARLES LANDOLF

New Castle High school track team went to Beaver Falls on Saturday, to compete for honors in Geneva College Inter-scholastic track and field meet and finished second. Credit one point in the overall throw was taken from New Castle's totals. Beaver Falls led 5-0 of a point. Suburban High school was first with 21 points.

New Castle followed with 15 5-6 points and Beaver Falls with 13 points. Sharon was fourth with 12 points and New Brighton with 10 points. In their credit was fifth. The meet was attended by some 500 school boys from Western Pennsylvania and Ohio.

Races Field Record Broken

One record was broken on Saturday afternoon when Spencer of Fifth Avenue high, jumped a 4-foot 9 1/2 inch high jump. Beaver Falls high jumping record. The record was held by Cecil Baird of Geneva who jumped 4 feet 8 1/2 inches. He ran the hurdles in 14 1/2 seconds, a time which is good time for a school boy.

Levan, Stubbins star

Levan, Stubbins star in leading the field to the top in the hundred and 200 was largely responsible for victory. After the meet the officials presented Stubbins with a beautiful trophy as a token of victory.

In the relay, Harrison took the Class B relay events and they were awarded a trophy. The relay team was composed of Gibson, Brown, Aiche and Patterson. Alverton was 2nd, followed by Dayton. The time was 3:50 2-8 seconds.

The class A relay trophy was won by Stubbins. Ellwood City was second, followed by Beaver Falls. New Castle was fourth. In this event the winning relay having the fastest time was the winner. New Castle won their heat but the time was not up to the others. New Castle had little competition in their heat.

Ellwood City High school entries made a fine showing in the track events, amassing points in several events.

Sebastian of Sharon was awarded the high point scoring trophy when he secured 12 points for his school. In the Class B Davis of East Palestine, and Evans of Zelienople were tied for the high point scoring honor. Medals were awarded to all winners in the track and field events. The meet was in the hands of officials of Geneva College and a representative of Westminster College who handled the meet in last class manner. Some 35 schools attended.

## Tony Herrera To Meet Ray Newton

Classy Junior Lightweights Sign For Battle At Bowl May 6

## MICKIE SOLOMON TO BATTLE JOHNNY CAREY

Tony Herrera, Mexican who has not lost a decision since he laced gloves on his hands and Ray Newton, puncher from Mansfield, O., will furnish the first pyrotechnics a week from tonight at the Jolly bowl and fans are promised one of the choicest battles of the season when the junior lightweights crawl through the ropes.

Chicago critics say that Herrera is a better fighter than Mandell who holds the junior lightweight championship. Newton has fought half a dozen times in the Pittsburgh section and has proved one of the most consistent performers of the season.

Herrera has defeated Chick Suggs, Armando Santia, Joe Williams, Jimmy Watts, Frankie Pink and 60 other fighters and according to Ray Alvis is championed to win the junior lightweight championship as sure as there is a Mexican revolution.

His career at Chicago has been somewhat colorful. Santiago who sent Joey Sangor and Tony Canzoneri down for counts met Tony and lost. Whitey Eckwerth, trainer of Tuffy Griffith handles the training of Herrera and says he is the peer of Mandell.

Has Good Record Newton has kayoted Terry Lingo and beat all of the other junior lightweights around Pittsburgh and recently boxed Phil Golstein. He got the moated decision and will come here next Monday night to try and take the measure of Herrera who is stopping at Chicago.

Mickie Solomon, New Castle, who stopped Phil Scello and Allen Beatty will make his hometown debut against Johnny Carey of Erie and what a fight it will be. Carey claims the welterweight title of Northwestern Pennsylvania.

Leo Moxey and Mickie Donato, flyweights who furnished a whirl of lightning-like action and Jackie King and Bobby Colura who punched each other daily last week will stage return bouts.

On account of his defeat of Long Sing Coo, Roy Minter will try a Volgaist style against Roy Young, the 130 pounder who is now under the management of Johnny Ray. With such promising bouts it looks like a sold-out bowl.

Advance reservations will be on sale Tuesday night.

J., policeman, finished in the top four, place with Philip Granville of Hamilton, Ont., in 8:03:29.

## Bill Mehlhorn Has Last Laugh

American Golfer Barred From Ryder Cup Team Is Laughing Loudly Today

AMERICANS GET SOUND TROUNCING

By DAVIS J. WALSH International News Service Sports Editor

NEW YORK, April 29.—Boisterous Bill Mehlhorn, the untamed, probably is laughing 'way down in his shirt bosom today at the American Ryder cup team which set sail for England with a baggage and finished on Saturday with a piccolo solo. William, you understand, didn't know that you eat peas with a spoon and in other ways lacked the cultural niceties that appeal to British taste, so among the 110,000,000 Americans who weren't mentioned for the team, William was one.

This isn't the real reason, by the way, but it is close enough to the truth to serve the purpose. Because of certain manifestations, American golf sensed the fact that the British wouldn't approve of William and this being the case, there was nothing for it, of course, but to ignore the young man in a great, big way. He had the golf. He didn't have the piping rock manner, as specified by section A, rule 1, of the international code.

It would be pleasant, in view of this state of affairs, to say that Mehlhorn's absence brought about America's most unexpected defeat but the statement in question would be a bit out of focus with the facts.

These may be summed up brusquely by stating that the best Ryder cup team American golf ever sponsored sustained what, in some respects, was the worst Yankee defeat in the history of international team play because the British were much too good for us.

## Mush Ball Plans To Be Discussed

Backers Of Proposed League Will Meet Tuesday Evening At Y. M. C. A.

Formation of a mush ball league, which has been discussed here for several weeks, will be made at a meeting to be held in the Y. M. C. A. Tuesday evening at 8 o'clock.

As the matter now stands, a half dozen teams are ready to enter the proposed league, while several others are considering the proposition.

Teams which have signified their intention of entering the league are: New Castle, Fremont, New Castle, Y. M. C. A. Dormitory, Post Office employees, Veterans of Foreign Wars, and Epworth M. E. In addition to these teams, the New Castle

Police, Shenango Works Offices, and Bankers, may put teams in the field. All teams desiring to enter are asked to have representatives at the meeting Tuesday evening, when final plans for the formation of the league will be taken up, and a proposed schedule drafted.

Other high games from the two-man teams were as follows: Russo and Eckstein, 1322. Russo and Jackson, 1328. Thompson and Eckstein, 1337. Robinson and Russo, 1365. Russo and Vallas, 1379.

The journey closed Saturday night with about 300 interested spectators in attendance. There was considerable rivalry in the matches.

Ten of the county's township high schools are represented in the league.

The winning scores:

Russo	379	345	125
Vallas	200	145	245
Totals	479	490	428

STATE COLLEGE, Pa., April 29.—With 25 entries already listed for the 20th annual interscholastic track and field meet at Penn State May 13, indications point to the largest field ever entered for the state championship. Student Manager Frank Baldwin reports that several out of state schools will have men entered in the meet. Among the out-of-state entries is Schenectady high school of Schenectady, N. Y., a team with an impressive record in recent years.

Kiskiminetas Prep of Guilford, Conn., again has entered a team and hopes to add a fourth straight triumph. The Kiski team won the meet for the third time last year and with it permanent possession of the John G. White trophy. A new first place trophy will be offered this year. Six other loving cups and 52 medals complete the list of prizes.

## Braves-Athletics Hold First Place

Boston Braves And Athletics  
Retain League Leads;  
Season Two Weeks  
Old

### CHICAGO CUBS HEAVY HITTERS

By LES CONKLIN  
International News Service Staff

NEW YORK, April 29.—With two weeks of the bidding season gone, the Boston Braves remain the big surprise of baseball. Turned the worst looking outfit in the big leagues, they are still in first place in the National League, a full game ahead of the Chicago Cubs.

The Giants have been getting sports pitching and have slumped at bat in several games. They have passed up a golden opportunity in failing to roll up a big lead at the expense of the weaker eastern teams before the western clubs come east. The slumping Cubs appear to be stronger than the McGrawmen at present.

In the American League the Philadelphia Athletics have scored a moral victory by breaking even in four games with the Yankees. They will not be burdened by any inferiority complex when they play the world's champions in Philadelphia today. Pennock, New York's pitching ace, has failed to show his old form, while Lefty Grove has demonstrated that he can beat the Hugmen, and these factors have done much to equalize the two teams.

**Ruth Hits Homer**  
Babe Ruth hit his second home run of the season as the Yankees downed the Senators yesterday, 7 to 2. It was one of the longest homers ever made at Washington. The Yankee steam roller attack piled up a six-run lead for Waite Hoyt in the fifth inning.

The Red Sox lost to the Athletics, 7 to 3, in the first championship Sunday game ever played in Boston. Ed Rummel helped win his own game with a home run.

The smart and sprightly St. Louis Browns captured their first win in six runs in beating Detroit, 6 to 3. The Browns are still tied with the Athletics for first place.

With Grady Adkins holding Cleveland to four hits, the White Sox chalked up their second straight win, 2 to 1.

Another four-hit game was turned in by Jess Petty, veteran southpaw obtained by Pittsburgh from Brooklyn. The Buffs trounced St. Louis, 6 to 2, after old Pete Alexander had been taken out for a pinch hitter.

Cincinnati outslugged the Cubs, 17 to 12, in an old-fashioned batting bee of 37 hits. Mack Wilson's two home runs featured.

Travis Jackson also clouted two homers as the Giants swamped the Phillies, 8 to 2. Rain washed out the second game of a scheduled double bill.

With Percy Jones on the mound, the Braves subdued Brooklyn, 5 to 2, in a six-inning affair.

## HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

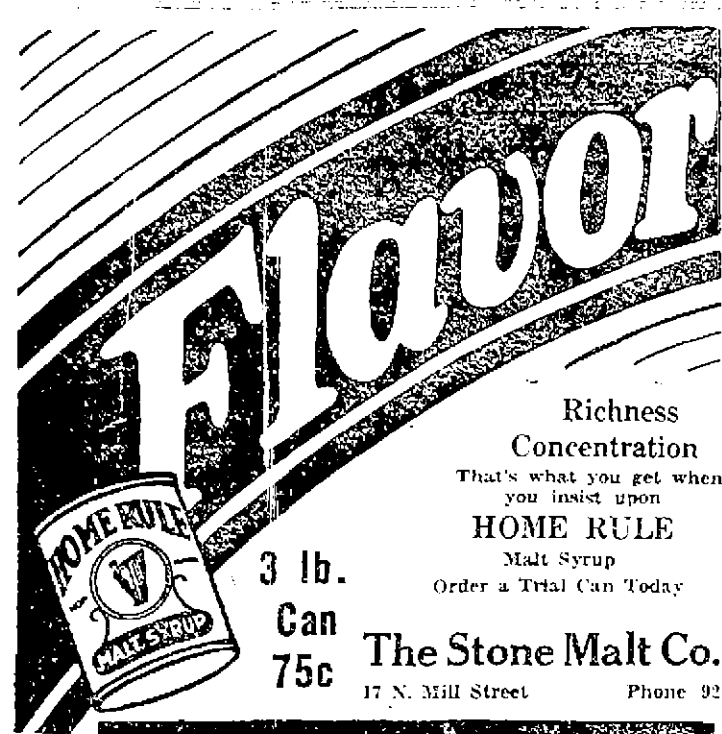

When Steve Smith defeated Andy Martin here last week it bought him many choice engagements, among them being a tilt with Fanny Bass at Meyers bowl, Bradstock, May 20. Martin was to have boxed Bass but he lost the bout here owing to an injured hand.

After the promoters see Tony Herrera and the fans watch Ray Newton and he in action at the Jolly bowl, next Monday night, they will be anxious to get him for some big shots. Right now he is said to be a better fighter than Sammy Mandell and to be that means something.

With Great Britain holding the Ryder cup as the result of their team's victory over American golfers, Saturday, their thoughts turned to tennis at Wimbledon, May 6. Most of the American stars have already reached England.

Germany defeated Italy in an international football game two goals to one at Tublin.

Fritz Otto, the big German who is being drilled by Jimmie Dine will get his first trial next Friday night when he fights Tony Puente at Erie. Puente is a Mexican from California and recently won over Young Jack Dempsey.

New Detroit Giant Making His Presence Felt

Century to some predictions that he will be a natural hit-batting pitcher would silence the te to whom all pitchers look alike, bat of Dale Alexander, early season. How he looks to the pitchers is something else. He stands six feet three inches in height, has massive shoulders and weighs 215 pounds. All of this plus natural ability means trouble for the International league's batters last year. He is a natural hit-batting pitcher.

Some go so far as to say that he hits as hard as Babe Ruth. But what is worse (for opposing infielders) he is a straight-away hitter. While Ruth uses his terrific power to raise the ball over fences and into stands, Alexander's hits are mostly line drives.

## Pirates Defeat St. Louis Cards

Error Lets In Willing Run In  
Game Played At  
St. Louis

ST. LOUIS, April 29.—Jess Petty outpitched Grover Alexander yesterday and Pittsburgh romped away with a six-two victory over the St. Louis Cardinals. Petty allowed four hits and Alex five. Johnson was loughed up three times in two innings.

When Pittsburgh went into the fourth inning the Cardinals had a one-run lead, but Pittsburgh made two scores and the game was deadlocked when St. Louis got a run in the second half.

The Pirates broke the deadlock in the sixth when they got a run without a hit. Traynor's double was booted by Gilbert and Alexander then filled the stations by passing Grant-ham and Sheely.

Traynor scored while Bartell batted into a double play. His smash glanced off Alexander's glove and went to Gilbert, who threw to Frisch and Sheely was forced out.

The Pirates chalked up three more runs in the ninth after Johnson had taken Alexander's place in the eighth inning. The box score:

Pittsburgh	AB	R	H	O	A	E
Jones, ss	5	1	2	1	4	0

## May Transfer College Track Meet Saturday

Weather Conditions Make Track  
Unavailable For Use At  
Westminster

(Special To The News)  
NEW WILMINGTON, Pa., April 29.—Continuance of rainy weather may necessitate the shifting of the Westminster-Grove City track meet to Grove City next Saturday. The Westminster track is in poor condition and it is agreed by representatives of both colleges that a shift in the place will be satisfactory.

Coach R. X. Graham attended the Grove City-Carnegie Tech meet at Grove City Saturday, where he sounded out Coaches Burrows and McEwen and Athletic Director Robert Thorn. Graduate Manager A. A. McDonald will probably make the shift in the place of the meet some time tomorrow.

The showing of the Grovers against the Tartan Saturday gives Westminster a hard assignment. The Crimson team is especially strong in the two-mile high jump, pole vault, hammer, shot and discus. The United Presbyterians, on the other hand, are strong in the mile, quarter, 100-yard, 220-yard, hurdles, half mile and javelin. Last year Westminster won by six points over the Grovers, and if the blue and white men run true to form they should win out by a like margin Saturday.

If weather permits the inter-class track meet and the inter-class relay will be run off today and tomorrow in an effort to select the varsity team. Twenty or more men will be selected from the large field of candidates and will be issued uniforms this week. While the United Presbyterians cannot show their best on Saturday, due to lack of sufficient practice, they should win out and should be in the best of form for the Allegheny meet at Meadville Saturday, May 11, and the Carnegie Tech meet at Pittsburgh Wednesday, May 22.

## Giants Release Pair Of Rookies

NEW YORK, April 29.—The New York Giants have sent Pitcher Harry Kelly to Memphis and have released Jack Kavanagh, infielder from the New York sand lots, tonight. Kavanagh was the last native New Yorker on the squad.

## Shawkey To Coach Yankee Pitchers

PHILADELPHIA, April 29.—Bob Shawkey, who starred on the mound for the New York Yankees for 15 years up to a few seasons ago, has been released by the club to serve as coach for the young pitchers.

## Tin Mill Bowlers Attend Banquet

Entertainment Saturday  
Winds Up Season For  
Pin Toppers Of  
District

Approximately 50 men from the New Castle and Shenango works of the American Sheet and Tin Plate Co. were in Pittsburgh Saturday where they attended the annual banquet arranged by the Pittsburgh offices as a fitting windup of the season's activities.

During the afternoon the men from the various plants of the district who were interested in the various leagues operated during the past season attended the ball game at Forbes Field where they saw Pittsburgh and Chicago clash.

In the evening they attended the annual banquet held in the Roosevelt hotel where a fine program was carried out, chief of which was the presentation of the "A. S. and T. P. Co. Roll of 1929," members of the cast being girls from the Pittsburgh offices. Other theatrical acts were presented from Pittsburgh theaters.

A novelty was offered each guest present in the shape of a small saxophone made from tin plate manufactured by the company. This was productive of considerable harmony.

Local employees who attended the affair stated that it was the best of these annual events yet held.

## EIGHT DRUNKS IN LOCAL POLICE COURT

Drunks arrested Saturday night and Sunday by the police numbered eight. One of the number, Furpo Davis, as he is known in police circles, proved a little obstreperous when placed under arrest and paid a fine of \$10. Another paid a fine of \$5, while sentence on two others was \$5 or five days in jail. Three of the number were discharged and one case is pending.

## Three Meet Death As Plane Topples

Three Prominent In Movie  
World At Hollywood  
Meet Death When  
Plane Crashes

WERE INTENDING TO  
FILM PICTURE

LOS ANGELES, April 29.—Three men prominent in the film colony were dead today, sent unwittingly to their doom by an ironical fate that stole a plane from a film trailer they were to produce.

In each the manner he was to furnish the dramatic high spot for the production, the three stroked to earth in an airplane.

The dead, William Orlan, 22, wealthy owner of the plane and on of William H. Orlan, manager for Morris Gest, theatrical producer; Ray N. Scott, 25, actor and nephew of Charlie Murray, screen comedian, and Mack A. Plaker, 25, film character actor.

Japanese farm hands, hearing the engine's drone, looked aloft and saw the plane plummeting under full power and at a height of about 400 feet, the plane suddenly dived, struck ground and burst into flames.

Burned beyond recognition, the bodies were unidentified for many hours.

Before taking off for a little sport, the three had sat in the Hollywood apartment of wealthy Sam Deering discussing details of a production he was to finance which, by a weird coincidence, was to feature the death of three men in a wild airplane crash. Deering had arranged to finance the film. Scott had written the scenario. Plaker was to have had an important role, and Orlan's plane was to have been used.

## New Castle Woman's Brother Is Buried

BUTLER, Pa., April 29.—Funeral services for George Boyd Garvey, aged 69, who died at Austin, Tex., Wednesday, were held from the home of his sister, Mrs. Alice G. Roxbury, 130 Milton street, Zellenople this afternoon.

Mr. Austin was a former resident of Prospect, but had been in Texas for the past several years.

He is survived by the following brothers and sisters: William B. Garvey, Mrs. Mary Morgan and Mrs. Eva Gilbert, all of Warren, O.; Miss Margaret Garvey, Pittsburgh; Mrs. Martha Rees, New Castle, and Mrs. Alice G. Roxbury of Zellenople.

## Buys Two Eggs Instead Of One

What is considered quite a "freak" along the egg line has been discovered by Mr. and Mrs. Thomas Davis of this city.

Mr. Davis, a city mail carrier, purchased a dozen eggs from a Highland avenue man not so long ago. On breaking open one of them Mrs. Davis discovered a soft shelled egg inside of it, along with a full formed white yolk.

Double-yolked eggs are extremely large and small eggs are quite common, but one egg inside of another is seldom seen.

## Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

New Castle got in on part of a young tornado Sunday afternoon, according to the Secret Service Operation of the department who was on the look out for the unusual. But apparently, it was just the tail end of a storm that had the lake front torn up from here down to Lorain.

For fifteen or twenty minutes it looked as though anything might happen. Great black clouds hung down, with a rain storm in their wake that seemed as though Lake Erie had been upset over the downtown streets of Cleveland.

The rain was followed by a hail and snow storm and while these elements were making things miserable, the wind was playfully picking up sign boards and fences and twisting them into weird shapes.

On the Public Square in Cleveland a clothing store with a long front window space was in the direct line of fire. The wind blew in the end window, went through the collection of clothing dummies inside like a reaper in a field of winter wheat and after playing around inside for a while, went out the other end.

From the tower of the terminal building in Cleveland, the storm out over the lake was a picture. The clouds had any long view but the wind whipped the water inside the break water into a choppy fury, that boded ill for the early ships out twenty or thirty miles from shore.

In the Erie district the storm was just as tough, according to Sammie Lewis who was up there. Coming down from the lake today, the road way was strewn with trees that had felt the force of the storm king's blowing.

Several automobiles were blown off the road into the ditch, and the wise driver pulled over to the side of the road and let the young tornado roar its way down the lake front and on out over the water.

## Insurance Concerns

Granted Right To  
Appeal Verdicts

Insurance Companies Granted  
Right To Appeal \$68,595  
Awards To Mrs. Howe

PITTSBURGH, April 29.—Permission to appeal to the United States circuit court from verdicts of a lower court granting Mrs. Lenora Howe of Erie \$68,595 in damages against the Fidelity & Casualty company of New York and the National Life association of Des Moines, Ia., was granted the two companies by Federal Judge R. M. Gibson here today.

The orders permitting the appeal were drawn late Saturday and received Judge Gibson's final approval this morning.

Last December Mrs. Howe won suits against the two insurance firms in which she sought to recover on insurance policies on her husband, William Howe, burned to death in an automobile on November 4, 1927.

## Prepare To Issue New U. S. Currency

WASHINGTON, D. C., April 29.—Within the next few months, the Department of the Treasury will start its task of substituting the new smaller sized currency for the \$5,000,000,000 outstanding paper currency, according to Comptroller of the Currency John W. Pole. It is expected that the first of the new notes will be issued early in July.

The new paper money, which was sponsored by Secretary of the Treasury, Mr. Mellon, will materially reduce the cost of currency circulation, reduce the possibility of counterfeiting and furnish a vastly superior medium of exchange in the opinion of treasury officials.
